

## ACADEMIC CURRICULUM VITAE

### Personal Data:

First name: Maria Rita  
Last name: Testa  
Nationality: Italian  
Languages: Italian (mother tongue), English (fluent), German (fluent), Spanish (basic), French (passive knowledge)

Web site: <http://www.wittgensteincentre.org/en/staff/member/testa.htm>

### Main areas of research:

Family, Fertility, Reproductive Decision-Making, Multilevel Analysis, Panel Data

---

### EDUCATION

1997 – 99 Doctorate in *Demography*, Department of Statistics, University of Florence, Italy. Conferral of the doctorate in July 2002.  
1990 – 95 Degree in *Political Science*, at “Sapienza” University of Rome, Italy  
Completion: 30 November 1995, with Summa cum Laude

---

### CURRENT POSITIONS

2018 **Qualified to apply for Associate and Full Professorship** in *Demography and Social Statistics*, Italian Ministry of Education, University and Research [MIUR].  
2017– Lecturer, Vienna University of Economics and Business, Austria  
2017– Director, Teaching and Research Training, Vienna Institute of Demography of the Austrian Academy of Sciences, Austria  
2017 Visiting Professor, Vienna University of Economics and Business, Austria  
2016– “Privat-Dozentin”, **qualified to apply for full professorship**, with ‘venia docendi’ in *Demography and Social Statistics*, Vienna University of Economics and Business, **Austria**  
2014– Senior Research Scientist, Department of Socioeconomics, Vienna University of Economics and Business, Austria  
2001– Research Scientist, Vienna Institute of Demography of the Austrian Academy of Sciences, Austria

---

### PREVIOUS POSITIONS

2000 – 01 Research scientist, Department of Statistics, University of Milan-Bicocca, Italy  
1997 – 99 Doctoral student, Department of Statistics, University of Florence, Italy  
1995 – 96 Lecturer, Department of Quantitative Methods for Social Sciences, Sapienza University of Rome, Italy

---

### SUPERVISION OF GRADUATE STUDENTS AND POSTDOCTORAL FELLOWS

2003 – 2019 Supervision of 10 bachelor’s, 11 master’s and 6 doctoral degree students from several universities, including: University of Florence, Bocconi University of

Milan, University of Milan-Bicocca, Sapienza University of Rome, University of Evora, Vienna University of Economics and Business, Stockholm University. The subjects of the students' theses were related to fertility, reproductive decision-making, family, environment, and migration. Components of these theses were jointly published in highly ranked international journals in the field.

---

## TEACHING ACTIVITIES

---

2019	Lecturer – <i>Statistics and experimental methods</i> , Pontifical Gregorian University, <b>PGU</b> , Institute of Psychology, Rome, Italy
2018	Lecturer – <i>Demographic trends and challenges to sustainable development across the world</i> , Libera Università degli Studi Maria Ss. Assunta di Roma, <b>LUMSA</b>
2016 – 2019	Lecturer – <i>Contemporary Social Policy Challenge, thematic block on fertility</i> ; International Master Program in Socio-Ecological Economics and Policy (Seep); Vienna University of Economics and Business (Austria), Winter Semester
2016 – 2017	Lecturer – <i>Intentions and childbearing in contexts</i> , <b>European Doctoral School of Demography</b> , Rome, Italy
2014 – 2016	Lecturer – <i>Demographic methods</i> , Vienna University of Economics and Business; International Master Program in Socio-Ecological Economics and Policy; Summer Semester
2009 – 2013	Lecturer – <i>Methods for cross-country comparative analysis</i> , European Science Foundation, University of Vienna, Austria Lecturer – <i>Global Demographic Change and Sustainability</i> , Spring School, several editions, <b>Politecnico of Milan and Politecnico of Turin</b> , Italy
2002 – 2003	Lecturer – <i>Family policies and Fertility in Europe</i> , University of Padua, Italy
2000 – 2001	Lecturer – <i>Demographic methods</i> , Vienna University of Technology, Austria Lecturer – <i>Formal demography &amp; statistics I</i> , University of Milan-Bicocca, Italy

---

## RESEARCH VISITS

---

2019 Spring	<b>Visiting Professor</b> , Dept. of Statistics, University of Florence, Italy
2018 Winter	Visiting Senior Fellow, <b>Fernand Braudel Program</b> , European University Institute, Badia Fiesolana (FI), Italy
2018 Fall	<b>Visiting Professor</b> , Sapienza University, Rome, Italy
2013 Winter	Visiting Research Scholar, Sapienza University, Rome, Italy
2004 Spring	Visiting Scholar, Institut national d'étude démographique (INED), Paris, France

---

## DISTINCTIONS & AWARDS

---

2018	<b>Habilitation</b> (qualification to apply for full professorship), in <i>Demography and Social Statistics</i> , granted by the Italian Ministry of Education, University and Research [MIUR] ( <b>Fascia I &amp; Fascia II</b> )
2017	Performance Bonus for two scientific publications, Vienna University of Economic and Business (1,500 EUR)
2017	<b>Very best Paper</b> 2016 “Are daughter’s childbearing intentions related to their mother’s socio-economic status?”, <b>Editor choice</b> , Demographic Research
2017	<b>Guest Professorship</b> , Vienna University of Economics and Business, Austria

2016	ERC Consolidator Grant: score A in second step evaluation ( <b>fully meets the ERC's excellence criterion</b> but not enough funding available)
2016	Grant for research assistance, Vienna University of Economics and Business, Austria (3,000 EUR)
2015	<b>Habilitation</b> (qualification to apply for full professorship), in Demography and Social Statistics, granted by the Vienna University of Economics and Business, Austria
2015	<b>Best Paper Award.</b> “The effects of couple disagreement about child-timing intentions: a parity-specific approach”. Granted by the Vienna University of Economics and Business, Austria (7,000 EUR)
2013	<b>Elise Richter Award</b> for extremely well qualified female scientists who are working towards a career in universities, granted by the Austrian Science Fund
2007	Awarded a tenured position as research scientist at the Vienna Institute of Demography of the Austrian Academy of Sciences (OEAW), Austria
2004	<b>Best Poster Award.</b> Title: “Human Fertility Declines with Higher Population Density”. Population Association of America. Boston, USA
2000	Awarded a tenured position as researcher at the University of Milan, Italy
1997-99	Three-year scholarship for doctoral studies in Demography, granted by the Italian Ministry of Education, spent at University of Florence, Italy

---

## ORGANIZATION OF SCIENTIFIC MEETINGS

---

Oct 2017	Co-organizer of the workshop on Fertility Intentions, Vienna Institute of Demography, Austrian Academy of Sciences
Dec 2015	Co-organizer of the VID/OEAW International Conference on “Education and Reproduction in low-fertility settings”. Vienna, Austria
Oct 2015	Organizer of the session on “Multivariate, Multi-level and Multi-state Analysis in Demography”, Austrian Statistics Days, Vienna, Austria
Dec 2014	Organizer of a Seminar on Multilevel Models, Vienna University of Economics & Business, Vienna, Austria
Jun 2014	Convener of the topic: “Households and Families”. European Population Conference, Budapest, Hungary

---

## INSTITUTIONAL RESPONSIBILITIES

---

2019	<b>President</b> of the evaluation committee of the the doctoral thesis of Rita Brazão de Freitas “Que Caminhos para o futuro da fecundidade em Portugal? O Filho único como modelo de descendência final”, University of Évora, Portugal
2017	<b>International evaluator</b> of the doctoral thesis of Amina Keygan: “Australian men’s intentions for children: a life course perspective on factors influencing their formation and revision” The Australian National University, Canberra
2017	<b>International evaluator</b> of the doctoral thesis of Rozemarijn Dereuddre “Trends in contraceptive use: A comparison between Western, Central and Eastern Europe” Ghent University, Belgium
2017-2016	<b>Scientific board member</b> of the European Doctoral School of Demography International evaluator of the doctoral thesis of Léa Pessin: “Changing Gendered Expectations and Diverging Divorce Trends” Pompeu Fabra University, Barcelona, Spain

2016 - 2018	<b>Advisory board member</b> in the project “Female-Breadwinner Families in Europe” granted to Agnese Vitali by the Economic and Social Research Council (ESRC). Future Research Leaders Program. Duration, UK
2014	<b>President</b> of the evaluation committee of the doctoral thesis of Delclós Gómez-Morán on “Cultural and structural explanations of fertility”, Pompeu Fabra University, Barcelona, Spain
2013	Consultant for European Commission, RAND Corporation, European Alliance for Families, EU Commission-based platform
2011	<b>Advisory board member</b> in the project “The Double Postponement. Men and women coping with childbearing intentions in their late 30s and early 40s” funded by Fundação para Ciência e Tecnologia, FCT, University of Lisbon, Portugal (duration: 2011-2015)
2001	<b>Consultant</b> for United Nations, Department of Economic and Social Affairs, Population Division. Expert group meeting on policy response to demographic ageing, New York, October 2000.

---

#### COMMISSION OF TRUST

---

2018 –	<b>Expert</b> Peer Reviewer for Italian Scientific Evaluation – REPRISE, Italian Ministry of Education, University and Research
2017	<b>Guest Editor</b> , PLOS-ONE
2017–	Associate Editor, Portuguese Journal of Demographic Studies
2014–	<b>Associate Editor</b> , Genus, Journal of Population Sciences
2013–14	Editor for Scientific Report on Austrian Generation and Gender Survey
2011	Guest Editor for a special issue of Vienna Yearbook of Population Research on “Reproductive decision-making” 2011, Vol. 9
2011–	<b>Reviewer</b> (occasional): Czech Academy of Sciences (ASCR); Czech Science Foundation (CSF); Fundação para a Ciência e a Tecnologia (FCT); Research Foundation Flanders (FWO), International Institute for Applied Systems Analysis (IIASA); Research Council of the Université catholique de Louvain (UCL); Fund for Scientific Research (FNRS) Brussels; National Science Centre (NSC), Poland; Italian Ministry of Education University and Research (MIUR).
2003–13	<b>Editor</b> for the European Demographic Research Papers Series (VID/OEAW)
2001–	<b>Reviewer</b> (occasional) for: Acta Sociologica; Advances in Life Course Research; <b>American Sociological Review</b> ; Biodemography & Social Biology; Comparative Population Studies; Demographic Research; <b>Demography</b> ; European Societies, European Journal of Population; <b>European Sociological Review</b> ; Finnish Yearbook of Population Research; Genus; International Journal of Environmental Research and Public Health; International Sociology; Journal of Biosocial Science; Journal for Family Research; Journal of Demographic Economics; Journal of Family Issues; Journal of Marriage and Family; Journal of Population Research; Olsztyn Economic Journal; Population; <b>PLOS ONE, Population &amp; Development Review</b> ; Population Horizons; Population Research & Policy Review; Population Review; Population Space and Place; Population Studies; Quantity & Quality; Rivista Italiana di Economia, Demografia & Statistica; Social Forces; <b>Socius</b> : Sociological Research for a Dynamic World; Statistical

---

## PROJECTS

---

- 2019–23** **Project leader** – *Births and other life goals: complementarity or competition?* [BIRTHLIFE] funded by the Austrian Science Fund (FWF P31357- G22) [349,935 EUR]. Available at <http://www.wittgensteincentre.org/en/projects.htm>
- 2016–18 Project participant – *Running against the clock. Realising fertility plans over the life course* [RAC], funded by the Austrian Science Fund (FWF P28071 – G22) [166,000 EUR]. Available at <https://www.oeaw.ac.at/vid/research/research-projects/rac-running-against-the-clock/>
- 2014–16 **Project leader** – ReCap, *Reproductive Decision-Making and Human Capital*, funded by the Austrian Science Fund (FWF V318-G22) [175,707 EUR]. Available at <http://recap.wu.ac.at/>
- 2013–15 Project participant – KING, *Knowledge for Integration Governance*. Project participant. Funded by the European Commission. (HOME/2013/EIFX/CA/CFP/4268 – CUP: H48F13000170009)
- 2013–14 Project participant – Climate Change and Population Dynamics. Project funded by “Sapienza” University, Rome (IT).
- 2011–15 External consultant – The Double Postponement. Project funded by Fundação para Ciência e Tecnologia, FCT, Lisbon (POR).
- 2012–14 Project participant – WIREL, *Past, present, and future religious prospects in Vienna, 1950-2050*. Proposal SSH 10-040, Diversity-Identity Call, WWTF, Vienna Science and Technology Fund.
- 2008–11 **Work package leader** – REPRO, Reproductive Decision-making in a Macro-micro Approach. Project funded by the European Commission, Seventh Framework Programme (FP7) SSH-CT-2008- 217173.
- 2006–07 Project participant – FERTINT, *Fertility intentions and outcomes: the role of policies to close the gap*. Funded by the European Commission, DG Employment, Social Affairs and Equal Opportunities, VS/2006/0685.
- 2006–08 Project participant – PPA, *Population Policy Acceptance Study* - the viewpoint of citizens and policy actors regarding the management of population related change. DIALOG, Project funded by the European Commission, Fifth Framework Programme.
- 2004–05 Project participant – Geburtenbarometer, Monthly Estimates of Fertility in Austria. Project supported by Bundesministeriums für soziale Sicherheit, Generationen und Konsumentenschutz; GZ: BMSG-442030/0006-V/7/2004.

---

## MEMBERSHIPS OF SCIENTIFIC SOCIETIES

---

European Assoc. for Population Studies (EAPS); International Union for the Scientific Study of Population (IUSSP); Population Assoc. of America (PAA), Austrian Society for Interdisciplinary Research on Family (ÖGIF), Italian Association for the Study of Population (Sis-Aisp)

---

## CAREER BREAKS

---

- Jul 2008 – Dec 2009 Part time position (35%; from Aug 2009 at 80%) for maternity duties
- Mar 2008 – Jun 2008 Maternity leave
- Sep 2005 – Feb 2006 Part time position (at 35%) for maternity duties
- Mar 2005 – Jul 2005 Maternity leave
-

## PRESENTATIONS

---

More than 100 presentations at major international conferences, including the European Population Conference, the Annual Meeting of Population Association of America, and the International Population Conference of the International Union for the Scientific Study of Population.

More than 20 invited lectures at internationally renowned institutions, including the Max Plank Institute for Demographic Research, Rostock (Germany), International Union for the Scientific Study of Population, XXV Population Conference (Tours, France), United Nations Department of Economic and Social Affairs (New York, U.S).

Travelling and conference presentations in the year 2011 were hindered due to my second child's health problems.

Oral presentations (if not otherwise specified).

### Year 2019

1. **Invited Talk** at the Conference „Familie und/oder Karriere - was können wir aus epidemiologischen Daten lernen?“ Organized by the Austrian Society for Rheumatology and Rehabilitation, 28 – 29 November (to be held).
2. Global Demographic Change and Sustainability, **Invited Research Seminar**, University of Florence, Italy, May 28.
3. Second demographic transitions: drivers and features across countries, **Invited Research Seminar**, Sapienza University, Rome, Italy, May 10.
4. Education and fertility a comparison between Italy and Mexico, Research Seminar of the MEMOTEF (Dipartimento di Metodi e Modelli per l'Economia il Territorio e la Finanza), Sapienza University, February 22.
5. Birth intentions and other life goals: complementarity or competition? **Invited lecture**, European University Institute, Fiesole (Italy), February 7.
6. The impact of education on fertility desires in a comparative perspective: the case of Italy and Mexico (co-authors: Fatima Juárez and Alessandra De Rose). III SISEC (Società Italiana di Sociologia Economica) University of Napoli “Federico II”, February 1.
7. Postponement of childbearing in Italy. The role of competing life goals in a life course perspective (co-author: Alessandra De Rose). Italian Population Days, Bocconi University, Milan, January 24.
8. Childbearing and timing intentions: a mixed method life course approach. Italian Population Days, Bocconi University, Milan, January 25.

### Year 2018

1. Fertility intentions: theory and approaches. **Invited lecture**, Sapienza University, Rome, 29 November.

2. Reproductive decision-making and human capital. **Invited lecture**, University of Trento (Italy), 12 November.
3. Global Fertility Patterns: What can Facebook Advertising Data Tell Us? (co-authors: Rampazzo, F., F. Billari, M. R. Testa, I. Weber and E. Zagheni). The XII International AAAI Conference on web and Social Media (ICWSM), Stanford, California. 25-28 June.
4. From intention to behaviour: having a child and transition paths in other life course domains (co-author: Danilo Bolano). European Population Conference (EPC). Brussels, 6-9 June.
9. Measuring the effects of educational attainment on fertility intentions: a machine learning approach (co-author: Fabian Stephany). European Population Conference (EPC). Brussels, 6-9 June.
10. “Mater certa est, pater numquam”: What can Facebook advertising data tell us about male fertility? (co-authors: Rampazzo, F., F. Billari, M. R. Testa, I. Weber and E. Zagheni). Annual Meeting of Population Association of America (PAA). Denver, 26-28 April.
11. From intentions to behaviour: transition paths in multiple life course domains. (co-author: Danilo Bolano). Annual Meeting of Population Association of America (PAA). Denver, 26-28 April.
12. Birth intentions and other life goals: complementarity or competition? (co-author: Danilo Bolano) Deutsche Gesellschaft für Soziologie (DGS). Frühjahrstagung. Fertilität und Familie. Wiesbaden 15-16 February.

#### **Year 2017**

1. Childbearing and other life goals: competition or complementarity? (co-author: Danilo Bolano). 5<sup>th</sup> European Congress of Family Science. Vienna, 11 November.
2. Too educated to want more children? Education and changing fertility intentions in a low fertility context: the case of Thailand. (co-authors: Thananon Buathong, Erich Striessnig and Raya Muttarak). Poster presentation. XXVIII IUSSP International Population Conference, Cape Town, South Africa, 29 October - 4 November.
3. From birth intentions to birth outcomes: transition paths at the intersection of various life course domains. Symposium on honor of Dimiter Philipov. Vienna Institute of Demography, Austrian Academy of Science, 12 October.
4. Trends, patterns, and determinants of interreligious partnerships in Austria (1970-2001) (co-author: Raya Muttarak). Workshop on the Nexus between mixed unions and immigrants’ integration in Europe. University of Bologna, Bologna, 6 October.
5. Couple’s socioeconomic status and fertility intentions (co-author: Beata Osiewalska). Annual Meeting of the British Society for Population Studies, Liverpool, 8 September.
6. Childbearing Intentions and other life course goals: complementarity or competition? (co-author: Danilo Bolano). The European Consortium for Sociological Research, Milan, 2 September.
7. Population ageing: a challenge for the future? Kinderuni Program (given by Daniela Weber), Vienna University of Economics and Business, Vienna, 18 July.
8. Intentions and childbearing (co-author: Francesco Rampazzo). 4<sup>th</sup> GGP User Conference. Berlin, Germany, 7 July.
9. Fertility desires, intentions and behaviour: a comparative analysis of their consistency (co-author: Rita Freitas). Poster presentation. 4<sup>th</sup> GGP User Conference. Berlin, Germany, 7 July.
10. Fertility desires, intentions and behavior: a comparative analysis of their consistency (co-author: Rita Freitas). Annual Meeting of Population Association of America, Chicago, US, 29 April.

11. Intention and childbearing (co-author: Francesco Rampazzo). Annual Meeting of Population Association of America, Chicago, US, 28 April.
12. Too educated to want more children? Education and changing fertility intentions in a low fertility context: the case of Thailand. (co-authors: Thananon Buathong, Erich Striessnig and Raya Muttarak). Annual Meeting of Population Association of America, Chicago, US, 27 April.
13. Couple's socioeconomic status and fertility intentions (co-author: Beata Osiewalska). Annual Meeting of Population Association of America, Chicago, US, 27 April.
14. Fertility Intentions, **Invited seminar**. European Doctoral School of Demography (EDSD). "Sapienza" University of Rome, 11 April.
15. Intentions and childbearing. **Invited lecture**. Sigmund Freud University, SFU, Vienna, March 1.
16. Intentions and childbearing: a life course perspective. **Invited lecture**. Austrian Institute of Economic Research. WIFO, Vienna, 20 February.

### Year 2016

1. The ability to meet fertility goals (co-author: Fabian Stephany). International Conference on Variations on the Themes of Wolfgang Lutz, Vienna, 5-7 December.
2. Fertility desires, intentions and behaviour: a comparative analysis of their consistency (co-author: Rita Brazão de Freitas) Vienna Institute of Demography, Colloquium, 22 September.
3. Intended and realized fertility: a life course approach (poster presentation). European Population Conference, Mainz, Germany, 1 September.
4. Displaced persons arriving in fall 2015 in Austria: insights on their human capital (co-authors: Isabella Buber-Ennser et al.). European Population Conference, Mainz, Germany, 2 September.
5. Education and fertility desires in Italy (co-authors: Emiliano Sironi and Alessandro Rosina). European Population Conference, Mainz, Germany, 2 September.
6. Partners' relative income and fertility intentions (co-author: Agnese Vitali). European Population Conference, Mainz, Germany, 2 September.
7. Education and fertility: a meta-analysis (co-authors: Daniela Bellani and Fabian Stephany). European Population Conference, Mainz, Germany 1 September.
8. How long will we live? Seminar held in the framework of the University Summer Program for children in school age, Vienna University of Economics and Business, 15 July.
9. Education and fertility in Europe: stylized facts, expected and surprising findings. 3rd ISA (International Sociological Association) Forum of Sociology, University of Vienna, 14 July.
10. Intended and realized childbearing: a life course approach. **Invited presentation**. Healthy Life. Technologies, Policies and Experiences. European Society for Health and Medical Sociology, University of Geneva, 27 June.
11. Fertility Intentions, **Invited seminar**. European Doctoral School of Demography (EDSD). "Sapienza" University of Rome, 22 March.
12. Intentions in a life course perspective. Family & Fertility Seminar Series, Vienna Institute of Demography, Austrian Academy of Sciences, Vienna, 11 February.

### Year 2015

1. Multilevel models in Demography. **Invited habilitation lecture**. Vienna 21 December.

2. Will highly educated women have more children? **Invited contribution** to the Round Table at the Conference on Education and Reproduction in low Fertility Setting, Vienna, 2-4 December.
3. The educational gradient of fertility timing Intentions: Regional differences in Europe. Education and Reproduction in low Fertility Setting. VID International Conference, Vienna, 2-4 December.
4. Partners' relative earnings and fertility intentions (poster presentation). Education and Reproduction in low Fertility Setting. VID International Conference, Vienna, 2-4 December.
5. Education and the difference between fertility desires and fertility expectations in Italy (poster presentation). Education and Reproduction in low Fertility Setting. VID International Conference, Vienna, 2-4 December.
6. Couple's socioeconomic status and fertility intentions. (poster presentation) Education and Reproduction in low Fertility Setting. VID International Conference, Vienna, 2-4 December.
7. Competing intentions and realization. 3<sup>rd</sup> Generations and Gender User International Conference, Vienna, November 30 - December 1.
8. Fertility intentions and realization: a gender perspective in a cross-national EU context. **Invited presentation**. Budapest Demographic Forum: Families in the Focus, Budapest, 6 November.
9. Intended family trajectories and education, Workshop on "The science of Choice. How to model the Decision-Making Process?" Max Planck Institute for Demographic Research, Rostock, 29 October.
10. Wie viele Menschen werden in Österreich in Zukunft leben? Seminar held in the framework of the University Summer Program for children in school age, Vienna University of Economics and Business, Vienna 8 July.
11. Studying micro-level intentions: the relationship between fertility intentions and education. VID **invited seminar**, Vienna 11 June.
12. The educational gradient of fertility intentions in Europe: a meta-analysis. Annual Meeting of Population Association of America, 30 April, San Diego, CA, U.S. Poster presentation.
13. Fertility intentions in Europe. **Invited seminar**. "Sapienza" University of Rome, Italy, 30 March.
14. Education and fertility decision-making: patterns across Europe. **Keynote speech**. International Conference on "The Double Postponement: Men and Women Coping with Childbearing Intentions in the Late 30s and Early 40s", University of Lisbon, 20 March. Video presentation.

## Year 2014

1. Work, earning models and fertility intentions during the 'Great Recession'. WU Competence Day. Topic: *Work Arrangements*, Session: *Sustainable Work*, Vienna, Austria, 17.11.2014.
2. The educational gradient of fertility intentions in Europe: a meta-analysis. 2014 Quetelet Seminar on *Fertility, Childlessness and the Family: A Pluri-Disciplinary Approach*, Louvain-la-Neuve, Belgium, 7.11.2014.
3. The effect of couple disagreement about child-timing intentions: a parity specific approach. **Invited seminar**, Dondena Centre for Research on Social Dynamics, Bocconi University, Milan, Italy, 27.10.2014.
4. Fertility intentions of women who out-earn their partners. Conference on *Family dynamics, fertility choices and family policy*. Oslo, Norway, 9.10.2014.
5. A meta-analysis of the relationship between women's fertility intentions and level of education, Vienna Institute of Demography, Austrian Academy of Sciences, Colloquium, Vienna, Austria, 07.08.2014.

6. A meta-analysis of the relationship between women's fertility intentions and level of education. European Population Conference, Budapest, Hungary, 28.06.2014.
7. Correspondence between fertility intentions and behaviour in Austria: a couple analysis. European Population Conference, Budapest, Hungary, 28.06.2014.
8. Intergenerational transmission of fertility: the role of mothers' socio economic status. European Population Conference, Budapest, Hungary, 27.06.2014.
9. Climate change and reproductive intentions in Europe. European Population Conference, Budapest, Hungary, 26.06.2014.
10. Trends, patterns, and determinants of interreligious partnerships in Austria (1971-2001). European Population Conference, Budapest, Hungary, 26.06.2014.
11. Fertility intentions and reproductive behavior. **Invited candidate lecture** for Full Professorship in Quantitative Methods, Vienna University of Economics and Business, Austria, 27.05.2014.
12. Fertility intentions and education in Europe. **Invited lecture**, University of Marche, Italy, 10.04.2014.
13. Fertility intentions: theory, concepts, measure, and evidence. **Invited lecture**, Vienna University of Economics and Business, Vienna, Austria, 23.03.2014.
14. The contribution of migration to the European economic and socio-demographic system. KING's Project Conference, Knowledge for Integration Governance, ISMU, Milan, Italy, 06.02.2014.

### Year 2013

1. Trends and patterns of religious intermarriage in Austria (1971-2001): The role of secularization and demographic changes. IUSSP Conference, International Union for Scientific Study on Population, Busan, South Korea, 30.08.2013.
2. Correspondence between planned and realised fertility: the role of education. International Conference, Statistic Norway, Oslo, Norway, 07.06.2013.
3. Lifetime fertility intentions in Europe: the role of women's education. **Invited presentation.** Conference on *The Double Postponement*, University of Lisbon, Lisbon, Portugal, 29.05.2013.
4. Lifetime fertility intentions and the 'Great Recession' in Europe: the role of reproductive uncertainty. Population Association of America, Annual Meeting, New Orleans, U.S., 13.04.2013.
5. Did your mother work? Impact of mother's occupational status on daughter's fertility intentions. Italian Population Days, Brixen, University of Bolzano, Italy 08.02.2013.
6. Lifetime fertility intentions and the great recession in Europe: the role of reproductive uncertainty. Italian Population Days, Brixen, University of Bolzano, Italy 07.02.2013.
7. Climate change and reproductive behavior. Italian Population Days, Brixen, University of Bolzano, Italy 07.02.2013. Poster presentation.
8. Lifetime fertility intentions and the great recession in Europe: the role of reproductive uncertainty. Oxford Institute of Population Ageing, Oxford, England, 31.01.2013.

### Year 2012

1. Family policy and fertility. **Invited seminar.** Winter School on *Fundamental and Methods for Impact Evaluation in Population Studies*, University of Padova, Italy, 11.12.2012.

2. Have lifetime fertility intentions declined during the Great Recession? Workshop on *Transition to Adulthood during the Time of the Great Recession*, Milan, Italy 26.10.2012.
3. Couples' childbearing behaviour in Italy: disagreement and reproductive decision-making rules. European Sociological Conference, Milan, Italy, 15.09.2012.
4. Lifetime fertility intentions in Europe: The role of women's education. Pairfam Conference, Bremen, Germany, 3.09.2012.
5. Did your mother work? Impact of mother's occupational status on individual's fertility. British Society for Population Study, Annual Meeting, Nottingham, England, 11.09.2012.
6. Fertility intentions and the 'Great Recession': evidence from the 2011 Eurobarometer. British Society for Population Study, Nottingham, England, 10.09.2012.
7. Lifetime fertility intentions in Europe: the role of women's education. **Invited presentation.** L. Seabrooke's ERC Project, Conference, Copenhagen, Denmark, 06.09.2012.
8. Couple disagreement and reproductive decision-making in Italy. European Population Conference, Stockholm, Sweden, 16.06.2012.
9. Climate change and internal migration in Tanzania. European Population Conference, Stockholm, Sweden, 15.06.2012.
10. The socio-economic determinants of childbearing intentions in Europe: a macro-micro analysis. European Population Conference, Stockholm, Sweden, 15.06.2012.
11. Global demographic change and sustainability. **Invited lecture.** Spring School on "Climate Change and Sustainability", Politecnico of Milan and Turin, Belgirate (Milan), Italy 16.05.2012.
12. Childbearing intentions in Europe: a macro-micro analysis. Population Association of America, Annual Meeting, S. Francisco, U.S., 05.05.2012.
13. Couple disagreement and reproductive decision-making rules in Italy. Population Association of America, Annual Meeting, S. Francisco, U.S., 04.05.2012.
14. Methods for cross-country comparative analysis. **Invited lecture.** Quantitative Methods in the Social Science, Seminar on *Cross-National Comparison*, European Science Foundation, Vienna, Austria, 21.04.2012.
15. Family size in Europe: evidence from the 2011 Eurobarometer survey. European Commission Meeting, Joensuu, Finland, 19.03.2012.

#### **Year 2010**

1. Birth intentions and subsequent realizations in Italy: A couple's approach. Vienna Institute of Demography, Austrian Academy of Sciences, Annual Conference, Vienna, Austria, 03.12.2010.
2. Child-number and child-timing intentions: a micro-macro European framework. European Population Conference, Vienna, Austria, 03.09.2010.
3. An analysis of Italian couples' fertility decision-making process: second birth intentions and realizations. European Population Conference, Vienna, Austria, 02.09.2010.
4. Child-number and child-timing intentions. Repro project Conference, Budapest, 27.05.2010.
5. Global Demographic Change and Sustainability. **Invited lecture.** Spring School on *Climate Change and Sustainability*, Politecnico of Milan and Turin, Sestriere, Italy 18.05.2010.
6. She wants, he wants: couples' childbearing desires in Austria. Vienna Institute of Demography, Austrian Academy of Sciences, Colloquium, Vienna, Austria, 07.04.2010.

#### **Year 2009**

1. Intergenerational transmission of fertility: a micro-macro link. Repro Project Conference, *Reproductive Decision-Making in a Macro-Micro Approach*, The Hague, The Netherlands, 18.11.2009.
2. Child-number desires and their changes after the birth of a child. Vienna Institute of Demography, Austrian Academy of Sciences, Colloquium, Vienna, Austria, 17.06.2009.
3. Global Demographic Change and Sustainability. **Invited lecture**. Spring School on *Climate Change and Sustainability*, Politecnico of Milan and Turin, Bardonecchia, Torino, Italy, 22.04.2009.

#### **Year 2008**

1. Why fertility intentions remain unrealized? A case study in Bulgaria. European Population Conference, Barcelona, Spain 10.07.08.

#### **Year 2007**

1. Preferenze di fecondità e politiche per la famiglia: l'Italia nel contesto Europeo. International Conference, Padova, Italy 20.10.2007.
2. Gender differences in the couple's fertility intentions: the case of Italy. FERTINT Project Conference on *Fertility Intentions and Outcomes: The Role of Policies to Close the Gap*, Budapest, Hungary, 04.09.2007.
3. Gender differences in the fertility intentions of Italian couples. Population Association of America, Annual Meeting, New York, U.S., 29.03.2007.
4. Preference theory and low fertility: a comparative perspective. Population Association of America, Annual Meeting, New York, U.S., 29.03.2007.
5. Childless and free in the future? Social aspects of demographic change. **Invited presentation**. International Conference on *Demographic Change*, Berlin, Germany, 07.02.2007.

#### **Year 2006**

1. Family formation in France: between preferences and social constraints. European Population Conference, Liverpool, England, 23.06.06.
2. Second birth intentions and employment conditions in Italy. European Population Conference, Liverpool, England, 23.06.06.

#### **Year 2005**

1. Family formation in France: between preferences and social constraints. International Conference on *Postponement of Childbearing in Europe*, Vienna Institute of Demography, Austrian Academy of Sciences, Vienna, Austria, 02.12.05.
2. Low fertility trap hypothesis. International Conference on *Postponement of Childbearing in Europe*, Vienna Institute of Demography, Austrian Academy of Sciences, Vienna, Austria, 01.12.05.

3. The Influence of attitudes, subjective norms and perceived behavioral control on union formation intentions. IUSSP XXV International Population Conference, Tours, France, 22.07.2005.
4. Changing desire for children in Europe. **Invited presentation.** IUSSP XXV International Population Conference, Tours, France, 21.07.2005.
5. Family formation in France: between preferences and social constraints. IUSSP XXV International Population Conference, Tours, France, 20.07.2005.
6. Childlessness in central and eastern Europe: attitudes and intentions. Population Policy and Acceptance Survey, 5th Consortium meeting, Vienna, Austria, 19.04.2005.
7. The effects of childbearing regional contexts on ideal family size in Europe: a multilevel analysis. Population Association of America, Annual Meeting, Philadelphia, U.S., 02.04.2005.

#### **Year 2004**

1. A multilevel analysis of family size ideals in Europe. **Invited seminar** INED, Institut national d'étude démographique, Paris, France, 8.06.2004.
2. Population density and fertility. Population Association of America, Annual Meeting, Boston, U.S., 02.04.2004. Poster presentation. **Awarded** as best poster.

#### **Year 2003**

1. The emergence of sub-replacement family size ideals in Europe. Population Association of America, Annual Meeting, Minneapolis, U.S., 02.05.2003.
2. Fertility ideals in the European Union countries. **Invited seminar** at European Comparisons Seminars: *Les Lundis de l'INED*, Institut national d'étude démographique, Paris, France, 6.4.2003.
3. The emergence of sub-replacement family size ideals in Europe. European Population Conference. Warsaw, Poland, 26-30.08.2003.
4. Ideal family size in Europe in a multi-level approach: ordered and multinomial logit models with random-effects. Austrian Statistics Days. Austrian Statistical Society, Vienna, Austria, 29.10.2003.

#### **Year 2002**

The emergence of sub-replacement fertility ideals in Europe. **Invited presentation.** MPIDR, Max Planck Institute for Demographic Research, Rostock, Germany, 9.9.2002.

#### **Year 2000**

Fewer and older Italians: more problems? Looking for solutions to the demographic question. **Invited presentation.** Expert Group Meeting on *Policy Responses to Population Decline and Population Ageing*, United Nations, Population Division, New York, U.S., 16.10.2000.

---

## TEACHING

---

### *PhD level* - Fertility intentions & family demography

--> *Fertility intentions*, EDSD, European Doctoral School of Demography. "Sapienza" University of Rome, Italy, 22.03.2016 and 11.04.2017

--> *Fertility intentions: theory, concepts, measure, and evidence*. Vienna University of Economics and Business, Vienna, Austria, 23.03.2014

--> *Methods for cross-country comparative analysis*. European Science Foundation, University of Vienna, Austria, April 2012

--> *Family policy and fertility in Europe*. Winter School on *Fundamental and Methods for Impact Evaluation in Population Studies*, University of Padova, Italy, 11.12.2012

---

### *M.Sc. level* - Demography, Demographic Methods and Fertility

---

--> *Thematic block on fertility*, in the framework of the course: Contemporary Social Policy Challenges, Master Program in Socio-Ecological Economics and Policy, Vienna University of Economics and Business, Vienna, Austria. **Fall Semester**, Academic Years 2016/2017 & 2017/2018

--> *Demographic Methods*, Concentration area: Population, Human Capital and Policy I, Master Program in Socio-Ecological Economics and Policy, Vienna University of Economics and Business. **Spring Semester** 2014, 2015 and 2016

--> *Global demographic change and sustainability*. **Spring School Climate Change and Sustainability**, Politecnico of Milan and Turin, Italy, **several editions**: 2009, 2010 & 2012

--> Introduction to the *methods of demography*. Course held for scholars of the Vienna Institute of Demography and students of the University of Technology, Vienna, Austria (5.11.2002–14.1.2003)

---

### *Undergraduate level* - Family Demography, Demographic models, Statistics, Demography

---

--> *Statistics and experimental methods*, Pontifical Gregorian University, PGU, Rome, Italy. Course held in the **second semester of the Academic Year 2018/2019** (at the Institute of Psychology)

--> *Fertility intentions in Europe*. Sapienza University, Rome, Italy, class held on 30.03.2015

--> *Fertility intentions and education in Europe*. University of Marche, Italy, class held on 10.04.2014

--> *Formal Demography*, University of Milan-Bicocca (IT). **Summer Semester**. Academic Year 1999/2000

--> *Statistics*, University of Milan-Bicocca, Italy. **Winter Semester**. Academic Year 2000/2001

--> *Demography*, University of Milan-Bicocca, Italy. **Winter Semester**. Academic Year 1999/2000

---
